Under Decreasing for Toe:

The third section of decreases had an incorrect stitch count.

The correct stitch count is highlighted (below), and the pattern should read as follows:

Decreasing for Toe:

Work Rows 1 - 6 of the checkered pattern, **while at the same time**, knit together the first 2 sts of each color square across the checkered section = 57 sts.

Work Rows 7 - 12 of the checkered pattern, **while at the same time**,

knit together the first 2 sts of each color square across the checkered section = 48 sts.

Work Rows 1 - 6 of the checkered pattern, **while at the same time**, knit together the first 2 sts of each color square across the checkered section = **39 sts**.

Next Row: Knit across all sts with Color A, cut Color B, leaving a long enough tail to weave in securely.

Cut Color A, leaving a 10-12 inch tail and thread this onto a tapestry needle. Thread the needle through all the live stitches and pull tight to close the toe. Do not cut yarn tail.

Under Cable Row:

Continuing in est pat, work cable a total of 15 times, then work an additional 9 **(not 10)** rows in est pat.

Under **TECHNIQUES**:

4-Stitch 1-Row Buttonhole:

Bring the working yarn to the front, slip the next stitch purlwise, and return the working yarn to the back (this wraps the slipped stitch). *Slip the next stitch on the left needle purlwise and bring the previous stitch over it and off the needle. Rep from * 2 **(not 3)** more times, then slip the stitch on the right needle back to the left needle. Turn the work, and cable cast on 4 **(not 5)** stitches to the left hand needle and turn the work. Slip the first stitch on the left needle to the right needle, then pass the last cast on stitch over the slipped stitch. Cont with pat.
