

HiKoo® Caribou Blankets

HiKoo® Caribou is a super soft and fluffy 100% nylon yarn! It's perfect for kids' blankets, stuffed toys, and anything that can be embellished with a little furry fun! We recommend using a 6mm (US 10) 32" circular needle, and working to a gauge of about 3 stitches per inch. Have fun measuring because **HiKoo® Caribou** knits up into a very fluid fabric!

Stripes Blanket

4 balls: 1 each of color #075 (Pretty in Pink), #076 (Tickled Pink), #118 (Purple Mountain Majesty), and #119 (Purpleplexed).
Finished Size: Approx. 30" x 30"

Cast on 80 stitches with the lighter pink color. Knit in Garter Stitch until you complete the last full row you can knit with that color yarn. Change colors (only change colors at the end of a row – not in the middle).

Continue knitting in the manner above using dark pink, then light purple, then dark purple. When nearly out of dark purple, bind off all stitches **loosely**. Weave in ends.

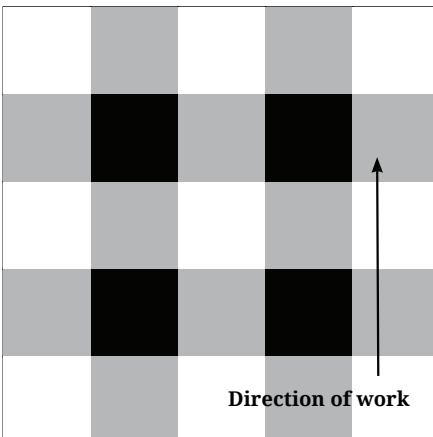

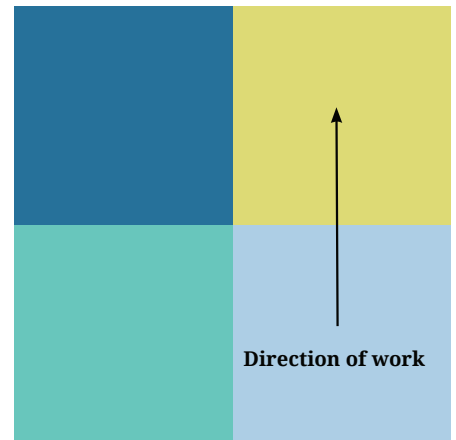

Squares Blanket

4 balls: 1 each of colors #077 (Little Boy Blue), #078 (Blue Jeans), #079 (Azure), and #080 (Limey).
Finished Size: Approx. 30" x 30"

Cast on 40 stitches with the lighter blue color, then continue casting on another 40 stitches on the same needle with the turquoise color.

Knit in Garter Stitch to create blocks of the same color, making sure to twist the first color together with the second color at each color change, in order to join the blocks. When nearly out of the first two colors of yarn, start using the lime green and dark blue colors and continue working as before. When nearly out of these colors, bind off all stitches **loosely**. Weave in ends.

Checks Blanket

6 balls: 3 #038 (Seattle Sky), 2 #001 (White), 1 #002 (Black).

Note: It will be necessary to split the balls of white and black, so multiple sections can be worked at the same time.

Finished Size: Approx. 36" x 36"

Cast on 20 stitches each in the following order: white, grey, white, grey, white = 100 stitches total.

Knit in Garter Stitch to create blocks of the same color. To join the blocks, make sure to twist each ending color together with the next color at each color change. Each horizontal section of blocks should be about 30 rows (or stop when the blocks are visually square).

Once the first row's blocks are square, work the second horizontal section blocks as follows: grey, black, grey, black, grey. Continue with this color sequence for the same number of rows as the first section. Following the diagram at left, repeat these first two sections once more and then the first section once more. Bind off all stitches **loosely** once the pattern is complete. Weave in ends.
